

❖ Three-Day Workshop on Digital Electronics: From Logic Gates to Experimentation  
May 13th - 15th, 2025

A three-day workshop on Digital Electronics was organized for M.Sc. students of Digital Electronics at the Department of Physics, Govt. College Bilaspur, Himachal Pradesh, from May 13th to 15th, 2025. The workshop aimed to provide students with a comprehensive understanding of fundamental concepts in digital electronics, including logic gates, adders, and subtractors, along with practical experience in designing experiments.
