Workshop Overview:

The Internal Quality Assurance Cell (IQAC) of the college organized a one-day workshop for the students of BCA, PGDCA, BBA, and B.Voc programs. The workshop aimed to create awareness about lifestyle changes, cultural values, scientific perspectives, and the practical applications of mathematics in daily life.

The workshop was presided over by the Vice Principal and Coordinator of the IQAC unit, Professor Prem Jeet, who has also delivered an insightful lecture on the topic "Chasing Lifestyle and Values in Society." as a resource person for BCA and PGDCA students. During the session, he emphasized the rising concerns stemming from modern lifestyle changes. He pointed out that as society advances, it often drifts away from its cultural roots, leading to various challenges such as depression, mental stress, and drug addiction among the youth. He urged students to follow the socio-cultural values and heritage to combat these burning issues and lead a happy life.

Following this, Dr. Ritu Sharma, Head of the Mathematics Department, addressed the students on “Application of Mathematics in Real Life and Vedic Mathematics” and “Mathematics in nature and its applications in competitive exams.” She highlighted the significance of mathematics in everyday decision-making and problem-solving. Her session also thrown light on Vedic Mathematics, a system rooted in ancient Indian traditions that simplifies complex calculations and fosters analytical thinking.

The third resource person Dr. Vijay Kumar delivered an insightful lecture on the topic "Life With Scientific Aptitude." He emphasized the relevance of adopting a scientific aptitude based on the wisdom found in ancient Indian texts such as the Vedas and Puranas. He also discussed how a scientific approach can serve as an instrumental and holistic way of life. Further, he elaborated on the practical applications of scientific utility in daily life, touching upon themes like ecology in Indian culture, traditional food habits, the use of clay pots, and the harmful effects of food additives, especially in processed foods.

The session provided students with valuable perspectives on blending tradition with modern science and encouraged them to adopt a thoughtful and balanced approach to life.
