

3.7 Laboratories with adequate equipment:

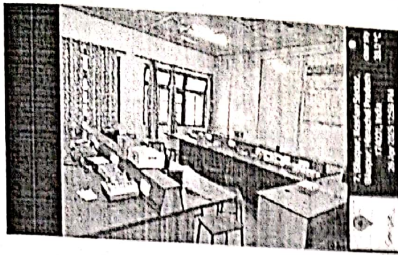

A well-equipped laboratory can help students develop practical skills and learning to observe and interpret data. In addition to classrooms, departments such as Physics, Zoology, Botany, Chemistry, Geography, Computer Science, BCA/PGDCA, BBA, BTM, B.Voc, Geography, English, Biotechnology etc. have been allotted laboratories equipped with high quality equipments, software and computers that can facilitate a wide range of experiments. Some examples of general lab equipment include spectrometer, travelling microscope, sextant, laser, oscillators etc. Students of these departments can use the available lab equipment and resources to perform practical activities and hand-on learning on the topic included in the syllabi

The college boasts a total of 23 well-equipped laboratories, designed to provide students with hands-on, practical experience in various fields.
