From Principal's Desk

"We want that education by which character is formed, strength in mind increased, the intellect is expanded and by which one can stand on one's own feet" –Swami Vivekananda.

Greetings to all!

Education is the most powerful weapon we can use to change the world. We, at GC Bilaspur ensure high quality education which motivates and empower our students to be lifelong learners and the productive members of society. For us education is not just the amount of information that is put into learner's brain. Our education system is the one that cater the individual needs of society. The college focuses on academic and extracurricular activities and tries to maintain a balance between the two so that it helps in developing the personalities of the students. The college has a blend of experienced as well as young and energetic faculty which have become the strength of the institution. A dedicated and highly qualified faculty ensures a classroom experience that encourages research experience and critical thinking. I am also deeply proud of our strong values that our students imbibe from our mission of excellence, a vision recorded through core qualities of compassion and sensitivity both for their peers and for the world at large.

GC Bilaspur not only focuses on the theoretical curriculum by offering courses in Arts, Science and Commerce, but also plays a key role in shaping a student's personally and confidence building. All the key factors required to make a good institution highly qualified and dedicated faculty. Good Infrastructure, rich and updated library, world class sports facilities, latest and innovative teaching methods, robust career guidance and placement cell- everything is available in the college. College also focuses on skill based education by introducing self- financed courses like: BCA, BBA, BTTM, Biotech, PGDCA & B.Voc in Hotel Tourism and Retail Management.

We all are aware that our state has taken the initiative in implementing NEP in near future.

Due to implementation of NEP there will be change in the structure and curriculum, but at the same time, it is an opportunity for the coming students to learn something new and practical. NEP focuses on skill development courses along with an interdisciplinary and multidisciplinary approach. The implementation of NEP is a challenge for all educational institutions and stake holders, but we have to face challenges, and that is the core of the education system.

I feel privileged to welcome the students to a world where they can fully realize and explore their potential and talent in a conducive environment. The process of learning offered here will not only enrich them but will also empower them to contribute in turn for the welfare and upliftment of the society.

Introduction

Government Post Graduate College Bilaspur: A Legacy of Excellence

Established in 1952, Government Post Graduate College Bilaspur has remained resolute in upholding its motto, **"Tamaso Ma Jyotirgamaya"**—guiding students from ignorance to enlightenment through the unwavering pursuit of knowledge. With an enduring commitment to academic excellence and societal advancement, the institution has distinguished itself as one of the most prestigious and historically significant colleges in Himachal Pradesh.

Scenic Campus & Legacy of Excellence

Situated at the foothills of the majestic Bandla Hills and overlooking the tranquil waters of the iconic Govind Sagar Lake, the college provides an inspiring setting for academic pursuits. For over seven decades, the institution has upheld a legacy of distinction, nurturing generations of intellectuals, athletes, and cultural icons. Demonstrating its unwavering commitment, the college continues to achieve remarkable success in academics, sports, and a diverse range of extracurricular endeavors.

Affiliation & Accreditations

Affiliated with Himachal Pradesh University, the college has been accredited with a 'B' Grade by the National Accreditation and Assessment Council (NAAC). Furthermore, it is recognized under the "Utkrisht Mahavidyalaya Yojna", receiving a grant of ₹1 crore to enhance infrastructure and upgrade facilities.

Diverse Academic Offerings

Government Post Graduate College Bilaspur offers a wide spectrum of undergraduate and postgraduate programs in Arts, Science, Commerce, and Vocational studies. Under its self-financed scheme, the institution provides professional courses such as:

- Bachelor of Computer Applications (BCA)
- Post Graduate Diploma in Computer Applications (PGDCA)
- B.Sc. Biotechnology (Honors)
- Bachelor of Business Administration (BBA)
- Bachelor of Vocation (B.Voc.)
- Bachelor of Tourism and Travel Management (BTTM)

The introduction of postgraduate courses in English, Economics, and Commerce has significantly enriched the academic landscape. A milestone achievement was marked in 2021 with the launch of M.Sc. programs in Physics, Chemistry, and Mathematics, bridging the educational gap between rural and urban students. Additionally, the college extends learning opportunities through IGNOU Study Centre and the SWAYAM MOOCs portal.

State-of-the-Art Infrastructure & Facilities

The college boasts well-equipped laboratories, providing students with practical exposure alongside theoretical learning. The library, furnished with INFLIBNET access, ensures seamless connectivity to both print and electronic resources.

To nurture holistic development, the institution actively promotes sports, NCC, NSS, and Rover & Rangers programs. Hostel accommodations for students and residential quarters for faculty ensure a supportive living environment.

Student Engagement & Enrichment Programs

With a strong emphasis on extracurricular involvement, the college fosters student growth through vibrant **clubs and societies**, including:

- Eco Club & Red Ribbon Club – Advocating environmental and health awareness.
- Energy Club & Road Safety Club – Promoting sustainability and responsible commuting.
- Gender Equity Club & Gender Champion Club – Encouraging inclusivity and equality.
- Library Club & Prahari Club – Enhancing knowledge-sharing and vigilance.
- Ek Bharat Shreshth Bharat Club – Celebrating cultural diversity.
- Various Cultural & Subject-Based Societies – Providing platforms for talent development and intellectual discussions.
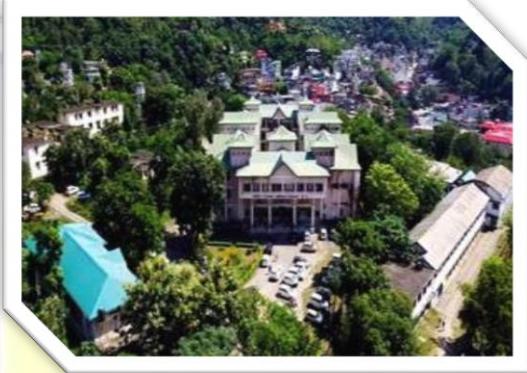

Career Development & Future Readiness
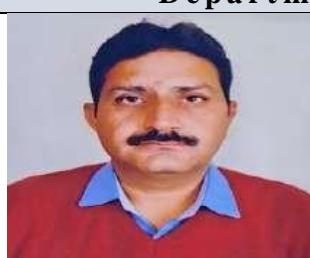

The Career Counseling Cell plays a pivotal role in guiding students toward promising career avenues, organizing interactions with industry experts, and facilitating skill-building workshops. The college regularly hosts inter-college sports and cultural events, offering students a stage to showcase their talents and refine their competencies.

A Beacon of Knowledge & Empowerment

Government Post Graduate College Bilaspur continues to illuminate the path of higher education, fostering an ecosystem where tradition meets innovation. By empowering youth with knowledge, skills, and values, the institution remains a pillar of academic excellence and holistic development in Himachal Pradesh and beyond.

(ii) Choice Based Credit System (CBCS)

Choice Based Credit System (CBCS) for UG Classes under Rashtriya Uchhatar Shiksha

Abhiyan (RUSA) has been implemented w.e.f. session 2013-14, where the courses are measured in terms of credits. Credit is a method/unit to measure the volume of content, learning effort, achievement of learning and weightage of the course. The term credit refers to the weightage given to a course usually in terms of instructional hours per week assigned to it. For purpose of credit determination, one lecture or tutorial of one hour a week & practical of two hours a week is considered as one credit.

Himachal Pradesh University Shimla has implemented new CBCS as framed by UGC since the session 2016-17 in which the student is required to attain/secure 132 credits in three-year degree course or specified as per guidelines.

Outline of Choice Based Credit System

a) Core Course

A course, which should compulsorily be studied by a candidate as a core requirement is termed as a corecourse.

b) Elective Course:

A course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill is called an elective course.

(i) Discipline Specific Elective (DSE)

Elective courses offered under the main discipline/subject of study are referred to as Discipline Specific Elective.

(ii) Dissertation/Project

An elective course designed to acquire special/advanced knowledge, such as supplement study/support study to a project work. A candidate studies such a course on his own with an advisory support by a teacher/faculty member is called dissertation/project.

(iii) Elective (GE) Course

An elective course chosen from related discipline/subject, with an intention to seek exposure beyond discipline/s of choice is called a Generic Elective.

Note: A core course offered in a discipline/subject may be treated as an elective by other discipline/subject and vice versa and such electives may also be referred to as Generic Elective.

c) Ability Enhancement Course (AEC)

The Ability Enhancement Course may be of two kinds: Ability Enhancement Compulsory Courses (AECC) and Skill Enhancement Courses (SEC). "AECC" Courses are the courses based upon the content that leads to knowledge enhancement.SEC courses are value-based and are aimed at providing hands on training, competencies, skills, etc.

(i) Ability Enhancement Compulsory Courses (AECC)

These two courses are mandatory for all disciplines.

i) Environmental Science, ii) English Communication /Hindi Communication / MIL Communication.

(ii)Skill Enhancement Courses (SEC)

These courses may be chosen from a pool of courses designed to provide value-

based knowledge and comprises both theory and lab/hands-on/training/fieldwork.

d) Practical/Tutorials (one each with every core and discipline/generic specific elective paper)

Introducing research component in Under-Graduate courses project work/dissertation is considered as a special course involving application of knowledge in solving/analyzing/exploring a real situation/difficult problem.

A project/dissertation work would be of 6 credits. A Project/Dissertation work may be given in lieu of a discipline specific elective paper.

Note: Wherever a university requires that an applicant for a particular M.A./M.Sc./Technical/Professional course should have studied a specific discipline at the undergraduate level, it is suggested that obtaining 24 credits in the concerned discipline at the undergraduate level may be deemed sufficient to satisfy such a requirement for admission to the M.A./ M.Sc. / Technical/ Professional Course.
